📍 39/2 central basabo

Hard Skill

- Coding proficiency (Python, Javascript, php etc.).Data mining and analysis
- Data manipulation and visualization.
- HTML, CSS, JavaScript. Efficient planning
- Testing, Docker, AWS, Kubernetes

Soft Skill

- Clarity
- Collaboration
- Flexibility
- Multi-tasking

Education Background

● Motijheel Govt Boys' High School
SSC [2015]

● Dhaka City College
HSC [2017]

● american international university-Bangladesh
BSC in CSE [2018-2023]

About Me

Experienced software developer with a strong background in full-stack web development and proficiency in multiple programming languages and frameworks. Proven track record of delivering high-quality, scalable solutions while collaborating effectively in agile teams. Passionate about problem-solving, clean code, and staying up-to-date with industry trends.

Professional Experience

AIDOCBUILDER | Software Developer 2023

Key responsibilities:

- Proficient in utility-based coding: Successfully developed and maintained utility modules, demonstrating expertise in creating efficient, reusable code components.
- Skilled bug fixer: Played a pivotal role in identifying and resolving software bugs, ensuring the reliability and stability of the application.
- Future-focused updates: Continuously contributed to enhancing software features, keeping the product up-to-date and competitive in the market.
- Data manipulation expert: Proficiency in handling and manipulating data, optimizing data processing workflows for improved system performance.
- Valuable team player: Collaborated effectively with cross-functional teams to deliver high-quality software solutions, fostering a culture of cooperation and innovation.

YOUTH INSTRACTORY| Web developer
2022 – 2023

Key responsibilities:

- Robust API development: Proficient in building scalable and secure RESTful APIs using Python, ensuring efficient data management and communication.
- Explored various investment opportunities

QUANTANINE | DATA ANALYST
2020 – 2021

- Key responsibilities:
- Data-driven insights: Proficient in extracting meaningful insights from complex datasets to support informed decision-making. Prepared reports on the above information and reported the insights.

Achievements

2020-2021 Cost Reduction: Achieved 20% cost reduction through data-driven process improvements.

2023 2020 – 2023 Managed five projects worth over \$1million.
